Empowering Spaces Since 1972

From Legacy to Lifestyle

With four decades of experience in making spaces functional, Concord Enterprises has built a trusted name in the industry. Established in 1972 by Mr. K. K. Menon, the company began by trading waterproofing chemicals. In 1978, his son Mr. K. Premachandran took over, expanding its focus to modern comforts for homes and offices. Since then, the brand has delivered several notable projects, earning credibility and trust.

In response to evolving lifestyles and advancements in technology, Concord Interiors (formerly known as Concord Design Studio) was launched in 2016 — founded by Mr. Prem Kishan, son of Mr. Premachandran and a civil engineer with prior experience at Sobha Developers. Backed by a creative team, a state-of-the-art manufacturing unit, and strong leadership, Concord Interiors is committed to delivering high-quality, personalized spaces. Designed for you. Crafted with love.
